Vision

At Win Forte Structure, we envision a future where quality products and services are consistently delivered, meeting all specifications, contractual obligations, and regulatory requirements.

Mission

Our mission is to exceed customer and stakeholder expectations through the timely and cost-effective completion of every project we undertake, ensuring utmost satisfaction.

Objective

Driven by our commitment to excellence, we relentlessly pursue enhanced customer and stakeholder satisfaction by delivering top-notch products and services tailored to their needs.

About Us

Welcome To Win Forte Structure, Your Premier Destination For Comprehensive Engineering Solutions Across Various Industries. With Decades Of Experience And Expertise, Our Team Is Dedicated To Delivering Excellence In Every Project We Undertake.

- ✔ Tailored engineering solutions for diverse industries.
- ✔ Decades of dedicated expertise in every project.
- ✔ Uncompromising commitment to quality.
- ✔ Seamless solutions for your engineering needs.

Review What Our Customers Say

Aarohi Patel

Great experience and impressive product. It was a very professional and technically competent job from the whole team.

Vihaan Verma

After being forced to move twice within five years, our customers had a very hard time finding us and our sales plummeted.

Saanvi Kristy

Great experience and impressive product. It was a very professional and technically competent job from the whole team.

About Us

Mr. Antony Richard

CEO

Meet Mr. Antony Richard, having 20 years of experience in this field is the driving force behind Win Forte Structure. With two decades of experience in the engineering industry, Mr. Richard established the company in 2014 with a vision for excellence. His leadership has propelled Win Forte to become a premier destination for cutting-edge engineering solutions, marked by innovation and unwavering commitment to quality.

Drawing inspiration from his family's legacy of service, Mr. Antony Richard instills a profound sense of duty within the Win Forte team. He combines tradition with modern challenges, ensuring the company remains at the forefront of the industry. Under his guidance, Win Forte embraces open communication, collaboration, and transparency, prioritizing the success of clients and employees alike.

As Win Forte continues to evolve, Mr. Antony Richard remains dedicated to shaping the future of engineering. His leadership embodies a commitment to excellence, where success is not just a destination, but a way of life. Join us on this journey as we strive for innovation and excellence under the visionary guidance of Mr. Antony Richard.

Crafting Excellence In Engineering Solutions

Unveiling the Legacy

Welcome to Win Forte Structure – your premier destination for cutting-edge engineering solutions across diverse industries. At Win Forte, we pride ourselves on our unwavering commitment to excellence, integrity, and innovation in every project we undertake.

Founded on a legacy of dedication and perseverance, Win Forte Structure continues a tradition of excellence that spans generations. Our roots trace back to a family deeply ingrained in India's struggle for independence. Through the selfless sacrifices of our ancestors, we've inherited not only a rich heritage but also a profound sense of duty to serve our nation and its people.

At Win Forte, we embrace this legacy and strive to honor it in everything we do. Our team is comprised of industry-leading experts, each driven by a shared passion for engineering excellence and a relentless pursuit of perfection. With decades of collective experience and expertise, we deliver comprehensive solutions tailored to the unique needs of our clients, spanning sectors such as Petrochemicals, Refineries, Gas plants, Fertilizer plants, Power plants, and Chemical industries.

Our commitment to quality is unwavering, and we adhere to the highest standards of craftsmanship, safety, and efficiency in every project. Whether it's annual shutdowns, project commissioning, manpower supply, or ongoing maintenance contracts, we provide seamless solutions that exceed expectations and drive success.

At Win Forte, we understand that our success is intrinsically linked to the success of our clients. That's why we prioritize open communication, collaboration, and transparency in all our interactions. We view every project as an opportunity to forge lasting partnerships built on trust, reliability, and mutual respect.

As we continue to evolve and grow, our core values remain steadfast: integrity, excellence, and a relentless commitment to serving our clients and communities. Join us on our journey as we shape the future of engineering together – because at Win Forte Structure, success is not just a destination, but a way of life.

Our Services

Services We Offer

Project Works

We execute following types of fabrication jobs for plant maintenance as well as project works with the help of team of experienced staff.

- Fabrication and Erection of M.S. Boiler Steam & Other, S.S., AS piping (Under ground as well as above ground)
- Fabrication and erection of structural.
- Fabrication and erection of Tanks, Vessels etc.
- Fabrication, erection and Tap coating of fire hydrant under/above ground piping.
- Installation of Internals of Columns/Towers, Reactors, Vessels.
- Erection of equipments.
- Fabrication and erection of Ducting of any size from MS, GI, SS, material.

Project Commissioning Jobs

- Project commissioning activities of new plant Static and Rotary equipments as well as post shutdown-commissioning activities.
- Installation and commissioning of all rotary equipments like pumps, compressors, turbines, conveyor systems, Gear box etc.
- Blinding/de blinding as per process requirement for plant start up.
- Piping works and modification works of piping, structural etc.
- Hydro testing/leak testing of entire system.
- Providing Manpower crew for commissioning activities.

Shutdown Jobs

- Heat Exchanger : Opening, cleaning by Roding, Brushing, Hydroblasting and Hydro testing of Heat Exchanger.
- Column : Opening of Man ways, removal, Re-fixing of trays, tray manways Pall Rings/Rasching Ring/ Saddles and Hydro test.
- Vessels/ Sphere : Opening, Scaffolding, Cleaning, Internals Removal and hydro test also testing as per requirement of SMPV.
- Reactor : Opening, cleaning, unloading loading of Various types of catalyst and pressure test.
- Heater/ Furnaces : Opening of Man doors, Internal Scaffolding Overhauling of Burners, External tube cleaning, replacement of hanger supports, tube replacement, maint. Of APH Cleaning etc.
- Valves : Removal/ Refixing of all type of valves And Overhauling.
- Pumps : Repairing/ Overhauling of all types of Pumps.
- Compressor : Overhauling, Erection and alignment of Compressor and Motor.
- Cooling Tower : Replacement of Fan and Gear Box Assembly.

We undertake planned/ unplanned plant shut down maintenance assignment. We also undertake job of erection of any type of equipment

Plant Operation and Maintenance Jobs

Since 2014 we have been involved in plant operations and maintenance jobs, out top developers and clients range from Reliance Petrochemicals, Aditya Birla Group-Grasim Industries Limited, and Gujarat Refinery. Some of the challenging jobs undertaken by us in the past are as follows:-

1. Furnace re-tubing, Exchanger Ferrule replacement along with piping network continuously from 2016 onwards.
2. For M/s Reliance Industries limited we carried out jobs on subcontract basis for their plants at Vadodara, Jamnagar, Padalganga since 2012.
3. We carried out jobs for "Shut - Down" works for M/s. Indo Rama under KHARIS INFRA in the year 2018.- at Nigeria.
4. Our major work worth of more than one crore job value was done for Aditya Birla Group- M/s.

Grasim Industries at Vilayat Plant Gujarat in the year 2023.

As we continued to experience service demands from the industry our small business expanded into what it is today, a 'multi-faceted' engineering company. From our original scope of repairs and maintenance we now provide a full range of engineering services along with scaffolding services too.

We take pride to inform you that we have best in class range of 6G boiler grade welders and best QA/QC ,safety team along with qualified engineers suitable to understand the customer specific needs and provide the best in class solutions.

Process Related Jobs

We also undertake process related job like,

- Cleaning of various types of Vessels.
- Bagging of finish Product like filling, stitching and stacking of Bags.
- Charging of various chemicals, loading of catalyst in Vessels/Reactors.
- Cleaning of cooling towers and nozzle cleaning job.
- Air filters cleaning.

Manpower Supply

We execute the orders to supply manpower for day-to-day plant maintenance works of Turbine, Compressor and Pumps etc. as well as operation related manpower as and when required.

We also provide senior experienced staff like Mechanical Supervisor, Mechanical Engineer for project as well as turn around shutdown jobs.

We also provide Skilled, Semiskilled and Unskilled manpower like Pipe fitter, Welder (CS & SS), Maintenance fitter, Riggers, helpers, Millwright fitter, Grinders, Gas cutter etc. as and when required.

Scaffolding Services

We execute Scaffolding Erection jobs for Plants and Various Equipment such as Spheres, Columns (Internal & External). We have our own scaffolding material for 50000 CUM.
